## STATEMENT.

The industrial and commercial establishments are concentrated in metropolitan and urban areas of the State. With a view to provide the infrastructure facilities in the rural, metropolitan and urban areas of the State, and enhance the livelihood, to promote the agricultural and agro based industrial development, to boost economy and for a rapid equitable development of the State, it has become imperative to upgrade the infrastructure network of underground pipelines and underground ducts for carrying utilities and services across the State. To expedite the infrastructure facilities across the State it has become necessary to enact a new law for acquisition of right of user in the land for laying underground pipelines and for creating underground ducts for carrying utilities and services.

2. The main impediment in the speedy implementation of the infrastructure projects of underground pipelines and underground ducts for carrying utilities and services is non-availability of explicit statute and also the inordinate delay in the acquisition of land under the existing legal framework. In view of this, it is considered expedient to provide by a new law for acquisition of right of user in the land for laying underground pipelines and for creating underground ducts for carrying utilities and services.

3. The salient features thereof are as follows :—

(i) publication of notification regarding intention to acquire the right of user in land for laying underground pipelines or for creating underground ducts;

(ii) to appoint Competent Authority for the acquisition of right of user in land for the said purpose;

(iii) declaration of acquisition of right of user in land for the said purpose;

(iv) power to enter upon land before execution of work and survey for laying underground pipelines or for creating underground ducts;

(v) power to enter upon land after execution of work for maintenance, inspection, etc.;

(vi) restrictions regarding use of land, determination of compensation, deposit and payment of compensation, period for payment of compensation;

(vii) to empower Land Acquisition, Rehabilitation and Resettlement Authority established under section 51 of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (30 of 2013) for the redressal of disputes;

(viii) special provisions in cases of urgency and also other ancillary provisions.

4. As both Houses of the State Legislature are not in session and the Governor of Maharashtra is satisfied that circumstances exist which render it necessary for him to take immediate action to make such provisions by law, for the purposes aforesaid, this Ordinance is promulgated.

Mumbai,  
Dated the 8th May 2018.

CH. VIDYASAGAR RAO,  
Governor of Maharashtra.

By order and in the name of the Governor of Maharashtra,

VIKAS KHARAGE,  
Secretary to Government.
